

FEES

Black Mountain College charges one inclusive fee for tuition, room, meals, use of laboratories, studies, music and art lessons, lectures and concerts. This fee is \$1600 for the regular academic year of two semesters.* It is intended to cover all of a student's expenses except those that are purely personal, and certain occasional items listed below. It is payable as follows:

On admission, to complete financial contract	\$200.00
On entrance, September 17, 1947	3/5 of balance
Opening day of second semester, February 12, 1948	the balance

Students who are unable to pay this fee are referred to the section below on financial assistance. It is the specific desire of the College that students otherwise qualified should not be excluded for financial reasons.

The College cannot guarantee that a place will be reserved for any student unless \$200.00 has been deposited with the College at the time the regular Financial Agreement is signed. This Agreement, signed both by the student and by the person responsible for payment of fees, completes the admission and makes it effective. The deposit is not refundable except at Faculty direction if the student withdraws later.

As stated above, the inclusive fee of \$1600 is intended to cover all of a student's expenses except those that are purely personal, and the following occasional items:

Application fee	\$ 5.00
Contingency deposit	\$25.00
Examination for graduation	\$25.00
Fee for late payment of any bill	\$10.00
Community Council assessment, not to exceed	\$10.00

The application fee must accompany application for admission to the College and is not refundable. The Contingency Deposit is due on entrance, and must be maintained while a student is in attendance; but any unused portion of it is refunded upon graduation or withdrawal. Bills are payable on the date of the bill and if not paid within ten days are subject to the fee for late payment. The Community Council assessment, expended at the discretion of the Community Council in the general community interest, varies with needs, but in no case exceeds \$10.00.

Veterans planning to attend under the provisions of the G. I. Bill should write for details.

*An increase of 15 per cent over the year '46-'47, to meet increased costs; subject to change only if necessitated by further increase of costs.
